JURA E8 piano black - 2021

The new Cappuccino Station for your Home

The latest generation of JURA's most successful coffee machine model boasts a reinterpreted design and a range of benefits previously found only in the premium class. The Professional Aroma Grinder delivers a flawless grinding result, state-of-the-art brewing processes allow the coffee aromas to fully develop and trend specialities are better than ever thanks to the airy, feather-light milk foam. The innovative E8 offers 17 different specialities – from an aromatic espresso to a trendy cortado. It can also prepare long, mild specialities such as caffè Barista and lungo Barista to professional barista standard thanks to a new fluid system. Those who like their coffee more intense can pep up their cappuccino, flat white or latte macchiato using the Extra Shot function.

A 2.8" colour display, six buttons and a completely new operating concept. An intelligent algorithm identifies individual preferences and adapts the start screen so the user's two or four favourite specialities are always displayed.

The new professional fine foam frother is made from the highest-quality materials and has a stunning look and feel. Specially designed for the preparation of speciality coffees with milk and milk foam in One-Touch preparation.

The Professional Aroma Grinder guarantees more aroma so that flavours unfold to perfection throughout the entire service life of the grinder. The Pulse Extraction Process (P.E.P.®) ensures maximum flavour for short specialities.

With the optimised fluid system, even milk system cleaning is carried out automatically at the touch of a button – another E8 function that will be familiar from JURA's top-line products.
